Deliver world class events from start to finish...

Hosting events and conferences are an ideal way to bring together members and organisations for networking and education. As such, events and conferences play a vital role in ensuring the success and growth of a member organisation.

CloudCentre helps member organisations efficiently plan and manage events from start to finish. The CloudCentre platform is designed around the way you manage events and gives you all the intelligent tools to ensure your event is a success.

It provides an array of planning, staging, coordination, booking, registration, catering, marketing and follow up tools. It leverages member and supplier data and ensures everything is at your fingertips to run a world class event.

Why choose CloudCentre for event and conference management?

- Dynamic and user-friendly online event registration that supports: VIP signups, speaker registrations, early-bird discounts, promotion codes and tiered pricing options.
- Secure, online registration and payment processing for a great sign up experience.
- Easy to use table allocation, seating and venues management tools to simplify the event planning process.
- Run sophisticated conferences with multiple concurrent sessions.
- Secure and manage exhibitors and sponsorship sales.
- Budget smartly with tools to manage expenses and revenue to ensure your events delivers a return on investment.
